WALNUT CEP

A special edition mid-century-influenced table light, bending rich walnut materiality with signature brass accents.

Serving as a captivating addition to our renowned Cep Collection, the Walnut Cep incorporates the traditional craft technique of wood-turning, with each piece being meticulously carved and shaped to perfection.

Blending the rich wood materiality with signature brass accents, the Walnut shade embraces the graceful form of a hollow hemisphere and encloses a brass lining that reflects and diffuses the light.

The Walnut Cep is available in a single classic size, using a carefully considered design to make a statement in any interior space.

Shown here in Walnut wood and Antique Brass detailing. Available in any of our standard metal finishes.
