CAMPAIGN ÉTAGÈRE

Our Campaign Étagère takes its inspiration from the easily transportable furniture which was taken on military and grand tours of the past.

To help with specific placement and functionality, we can make the étagère to any size or arrangement of shelving. The timber shelves can be specified in any of our wood finishes.

The columns have machined capitals, collars, finials and feet and the shelves have a partial gallery detail. All these components are made from brass and can be coloured in any of our standard finishes.

The table is shown in Mahogany with Antique Brass fittings.
