ALABASTER SHOT LIGHT NO.1 MEDIUM

A stunning new addition to our Shot Light range, this Alabaster Wall Light features a beautifully smooth alabaster shade, contrasting perfectly with the hand-crafted caps.

The caps feature a hand applied texture to the centre band which is then cast using the traditional lost-wax method.

The natural properties of alabaster give each piece a subtly unique look whilst the translucency of the mineral creates a subtle atmospheric light.

Shown here in Antique Brass and available in any of our other finishes and with a choice of end caps that can be selected from our Alabaster Shot Light No.1 range or standard Shot Light No.1 range.

This light is also available in Large and Small sizes, see dimensions below and specification sheet for more details
